

The 2011 Women in Agriculture Award was presented to Mrs. Doris Hall, a full-time farmer for over thirty years. A former VISTA volunteer for two years with the Mississippi Association of cooperatives, Mrs. Hall's agriculture production consists of beef cattle and hay. Mrs. Hall studied at Prentiss Institute, was a founding member of New Community Cooperative, and is an active participant in several USDA cost share programs. She is a proud mother of four, and used the income from her livestock production to support her children through college.
